Mr. Hothi-

If next week works well for you, I can arrange to talk over the phone next Friday the 12th at 12pm. I would like to include my colleague, Jeff Fowlow, on the call. Jeff was the EPA staff member to whom you provided site access last October and he and I will work together on this project going forward. I should be able to conference us all together using my phone and shouldn't need a conference line. If that sounds OK, I can just call you.

As far as an agenda goes, I think we would just like to get clarification on whether your consent for EPA to access the site has changed since last October. If we determine that we still have your consent, we would then just want to begin looking at potential dates to conduct our assessment activities and figure out how to coordinate with you on getting physical access when we're there. Beyond that I would just want to make time and welcome any questions you have for us.

Please confirm if Friday April 12 at 12pm works for you and also if you have any thoughts about my basic agenda.

Thanks,
-Brooks

Hi Brooks,

I am in receipt of your letter.

I am available for conference call next week between noon and 1pm.

Let me know what works for you and the number I should call into and the agenda.

Thank you.
Param

Subject: EPA access to Kaiser Property

Mr Hothi-

On March 21st, I sent you a letter requesting your clarification regarding EPA's access to the former Kaiser Aluminum property at 2111 East Hawthorne Road, Mead, WA 99218. The purpose of the letter, which I have attached to this email, was to clarify whether you were denying your consent for EPA to access the site. During the phone conversation I had with you on February 22nd, you stated that you were now denying site access to EPA, after granting our agency access with a signed access agreement on October 2, 2018.

I would like to confirm that you have received the letter and to set up a time to discuss this issue with you, so we can work cooperatively to begin better characterizing environmental concerns at the property. If you could please let me know of day and time you are available at your earliest convenience I would greatly appreciate it.

Respectfully,

Brooks Stanfield
